

## CLIMAT & TERROIR

Inusual in Burgundy, Pinot Beurot this grape variety is wellknown as Pinot Gris. Thanks to the south-east exposition and the location at the top of the hillside this plots is very qualitative.

**Operated vineyard surface:** 1.2 hectares

**Appellation:** Bourgogne

**Soil:** clay-limestone

**Grape variety:** Pinot Gris

**Exposure:** South-East

**Location:** top of the hillside

## VINIFICATION & AGEING

**Harvest:** manual harvest followed by a manual sorting

**Vinification:** after a pneumatic pressing of the whole grapes and twelve hours of static clarification, the berries start their alcoholic fermentation at a low temperature.

**Ageing:** in new oak barrels (100%) as well as in oak barrels of one to four years, on its lees with regular push downs.

**Time of ageing:** 5months in oak barrels then 2 months in a tank

## TASTING

Nice deep golden colour. Intense white fruits and spices with a charming and elegant bouquet.

**Food & wine pairings:** For the aperitif or with foie gras. International cuisine.

**Cellaring potential:** from 3 to 5 years
